New Hope for Peripheral Neuropathy!

If you are someone who deals with the agony of Peripheral Neuropathy, the ongoing pain, numbness and distress of the condition, there is good news available. Even if you have seen doctor after doctor, had test after test, and tried every new drug available. PLEASE, DON'T GIVE UP HOPE because there is a NEW ALTERNATIVE TREATMENT that is now available for many patients...even diabetics. Even though there is no cure available, this treatment is designed to eliminate or reduce the symptoms associated with Peripheral Neuropathy.

“Is There Any Real Hope Worth Believing In?”

Dr. Cebek is pleased to announce the Ultimate Peripheral Neuropathy Treatment Program. It’s safe and highly effective for most types of Peripheral Neuropathy. The program includes high power Class 4 Laser therapy, specific Rebuilder® electrotherapy, oxygen therapy, body vibration, soothing extremity and spinal mobilization and massage, proprietary nutritional supplementation and easy-to-follow home protocols. This new program is painless and is carefully monitored from start to finish for maximum clinical results.

Until now, most people suffering with Peripheral Neuropathy had to choose between taking medication or simply learning to “live” with the pain and other symptoms. The Ultimate Peripheral Neuropathy program offers new hope. It’s not just improvement in quality of life, it’s a real solution!

Finally, there’s an effective, drugless treatment for people suffering with electric-like shocking or stabbing pain, burning, numbness and tingling in their feet and hands, disturbed sleeping patterns and Restless Leg Syndrome.

Tired of living with the symptoms of Peripheral Neuropathy? Call TODAY for a FREE CONSULTATION and FREE NEUROPATHY REPORT to see if you are a candidate for this revolutionary treatment!
